FEKO

FEKO Short Course Announcement!

A short course for new and existing users is being offered in Hampton VA, on 23-24, March 2010.

The short course is aimed at introducing FEKO 5.5 to new and existing users of FEKO. After the basic principles have been introduced the attendees will have time to use FEKO under the guidance and assistance of the short course presenters. Special provision will be made to assist attendees with their own practical problems.

SHORT COURSE CONTENTS

1) Theoretical Overview

- Techniques employed, and advantages /disadvantages / limitations /etc. of the different numerical techniques.

2) Using FEKO

- Model construction using CADFEKO
- Defining Solution Parameters
- Optimization
- Post Processing using POSTFEKO

3) Applications

4) Practical

- Tutorials
- Discussions on customer specific problems.

5) Conclusion

- Current developments

Where can I find the this Security Code?

LAST 3 DIGITS
OF ACCOUNT
NUMBER PANEL

Visa and Mastercard Users
Flip your card over and look at the signature box. You should see either the entire 16-digit credit card number or just the last four digits followed by a special 3-digit code. This 3-digit code is your Card Security Code.

American Express Users

4-digit
security
code
